jesus and the book of acts are the standard of normal christianity remember the fad a few years ago when people wore bracelets reminding them what would jesus do christians state that jesus is the example of how to live yet this has been limited in many cases to how we view our moral character when christians tell me that they want to live like jesus i like to ask if they have multiplied food healed the sick walked on water raised the dead paid their taxes with fish money calmed storms and so forth i typically receive bewildered looks but that's what it is like to live like jesus perhaps we are ignoring a large portion of what living like jesus really includes while i agree that we are to live like jesus those who say they live in god should live their lives as jesus did 1 john 2:6 nlt i am also aware that the application of jesus' model has been minimized to something that can be accomplished by living a moral life many christians believe that they can live like jesus without ever operating in the supernatural after reading in the bible about all of the miracles he performed does that sound right to you

the topic of fivefold ministry the apostle prophet teacher pastor and evangelist appointed by

christ to equip hi church was central to two movements in previous decades the shepherding movement in the 1970 s and the new apostolic reformation in the 1990 s and early 2000 s while both movements saw important elements of this ministry restored to the church they also saw misunderstanding and abuses that prevented the fivefold from becoming more widely established in doctrine and practice

the school of the seers is the how to guide for seeing into the spirit realm

this critique provides a framework for understanding and interpreting the widespread but little known new apostolic reformation movement as the authors state in the preface we write this book with two major goals in mind first to give people an idea of the sheer size and reach of the nar movement and second to systematize its key teachings and practices and evaluate them on the basis of scripture and careful reasoning in our judgment the nar perspective crosses these boundaries that is certain broad parameters revealed in scripture and practiced in the historical orthodox church and it does so in part because of flawed theology rooted in a flawed understanding of scripture
